

STUDENT DINING - Student Meal Policies

ACCOUNTS

Separate accounts are established for each student at IHMCS. Each student is assigned a Personal Identification Number (PIN) which is used when depositing money to an account, purchasing a meal, second entree, or milk.

Students need to memorize their PIN to access their account. PINS should be kept confidential. A student may purchase one reimbursable meal each day. Students may also purchase an additional entree or second milk if they choose to. The balance in their account will be reduced by these additional purchases.

The computer records and tracks money and purchases on account. Balances remaining on accounts will follow students to the following year as long as they attend IHMCS.

PAYING FOR MEALS

All payments should be in a sealed envelope with LUNCH MONEY and students name written on the outside.
Checks should be made out to IHMCS. In the memo area of your check, please include your students name and PIN all year. If your last name is different from your child's, please make sure to include your child's last name in the memo area.
If you write your check for more than one student write all of the PIN numbers and names on the check along with how much you wish to have in each account.

POLICY FOR NEGITIVE BALANCE

If a student has a negative balance for more than 2 days the student will receive only a **peanut butter sandwich and milk** until the account is positive again. **Please** watch your students hand for the stamp indicating they are out of money.
